

Homework Project

Reception

Autumn 2

Read every day and add to your reading log!

You can read your school books as well as books from home or the library.

Weekly phonics homework is on the school website

This term we will be learning about:

Celebrations - Halloween, Diwali, Bonfire Night, Remembrance Day, Christmas.

Children in Need and Anti-Bullying Week

Science - changing materials and changing seasons

Maths - using numbers up to 5. Finding one more and one less. Making equal groups.

Here is a selection of activities for you to complete with your child based on what we will be learning about in school. How many can you complete?

Please hand in your homework or email us photos.

We love to see it and share it with the class 😊

Someone from each class will be awarded the homework certificate before Half Term.

Halloween

Design your own spooky pumpkin - you could send us a photo of a real one or you could craft one.

Make your own Rangoli pattern on a paper plate

Diwali

Bonfire Night

Make a firework using recycled materials

Write a Christmas list. Think carefully about the sounds that you will need.

Christmas

Practise writing your name every day.

Think carefully about how to form each letter

Bake something. Follow a recipe and watch how the ingredients change state as you mix, heat and cool them. Gingerbread are a fun, easy bake!

Maths

Learn and act out the song 5 currant buns. You could use real or pretend cakes and money. It's all about one less!

How many things can you find that represent number 4? It might be a set of 4 spoons, a car with 4 wheels, a toy lion with 4 legs. Take photos and send them in!
