

Literacy - Week 4 Day 1

Put on your rucksack and pick up your mosquito repellent - it's time to go on a jungle adventure! Most travellers have fantasised about a trip to the Amazon, which holds over half of the world's remaining rainforest, but not everyone has the opportunity to see it from the unique position of the treetops.

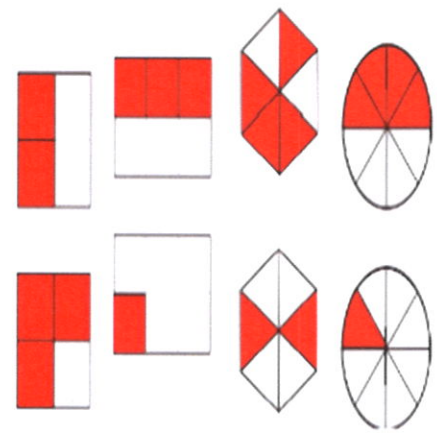

In recent years, giant walkways have been built between the canopies, and allow adventurers young and old to spot hundreds of exotic creatures - from above. Brazil is considered to have the greatest biodiversity of any country on the planet, with 55 000 plant species, 3 000 freshwater fish species, 689 different types of mammals and 1,800 bird species. How many of these can you find here?

Feature of persuasion	Examples
Imperative verbs (bossy words/normally start a Sentence)	
Boastful language (words that show off)	
Descriptive language (Adjectives/noun phrases)	
Rhetorical question/challenge (make the reader think)	
Subject-specific language (words linked to the rainforest)	

WALT: Can I explore equivalent fractions?

Fluency

1) Find at least 3 different equivalent fractions of $\frac{1}{2}$

2) Circle or draw the shapes equivalent to $\frac{1}{2}$

3) Circle or draw the shapes equivalent to $\frac{1}{4}$

4) Shade in $\frac{1}{2}$ of this shape

Shade in $\frac{2}{4}$ of this shape

Shade in $\frac{4}{8}$ of this shape

5) Colour $\frac{1}{2}$

Quick as a thought, he thrust the terrible head into his magic pouch and leaped again into the air, and flew away with the speed of a lightning flash. Escaping under his invisibility cap and with the help of his magic slippers, Perseus left the agonized screams of Medusa's sisters behind him as he made his way to safety.
