$$8 \div 100 =$$

$$\underline{\quad} \div 100 = 0.05$$

Reading activity - Vocabulary

Look back at the section of the story you read yesterday which is below.

The Grumpy Princess

On a hilltop, nestling between the steep slopes of a snow-capped mountain, stood a magnificent palace. Its grey stone walls were covered with ivy and on top of the six tall turrets, brightly coloured flags fluttered in the breeze.

Inside the tallest turret, Princess Primrose could be seen shouting at her maid who had dropped a hairbrush. The princess's face was as red as a beetroot and her long frizzy hair shook as she stamped her feet.

Look at the words/phrases underlined in the text and write down the word which best describes the meaning of that word. Remember, to go back to the story to help you. There are some words for you to choose from.

frizzy	straight	curly	long
nestling	lie close to	far away from	snuggled
snow-capped	white	covered in snow	green
turrets	towers	castles	buildings
fluttered	swayed	stayed still	danced
steep	hilly	sharp	flat

Challenge:

Can you think of synonyms (words that mean the same) of the verbs 'dropped' and 'shouting'?
