

# Spring 2 -Homework projects

## Nursery

This term we will be learning:

- about living things and how they grow e.g flowers, Spring animals
  - about lifecycles of a sunflower, a chick and a frog
- to write our name and practise the letter formation
  - about numbers that make 5
  - about measuring and capacity

*Please bring your homework into school throughout the term so we can celebrate it and put it on the display.*

*You can email it to us too!*

### Writing your name

Keep practising your name writing! You are getting really good. We would like all children to write their name before they leave Nursery as this is an important skill that they need! Write your name and bring it in so we can add it to our 'WOW name writing' display. Certificates are ready for those who learn to write their name by Easter!!

### Counting

Match objects to different numerals up to and including number 5.

Use 5 objects - how many different ways can you make 5? E.g. 4 cars and 1 car makes 5, 3 teddies and 2 teddies make 5 etc.

### Phonics Activity

Memory games. Play memory games as this will help you to remember the letter sounds so that you can blend them together to say simple words. Memory games such as matching pairs, Kim's game, I went to the shop and I bought will all help!

**Here are some ideas of creative activities. Have a look and see what you can make to bring in to show us for our homework display!**

## Life cycle of a chick picture

## Sunflower art

## Flower craft

## Bunny Plate craft

## Easter Chick craft

Daily tasks that you can do with your child include :-

Reading and sharing books and logging it on the Learning with Parents app 😊

Practising writing their name 😊

Singing Nursery Rhymes including making up songs of their own 😊

It would be lovely to see lots of children bringing (or emailing) in their homework.

You might have some of your own ideas too! 😊
